To whom it may concern,

In my capacity as Commissioner for the rights of persons with disability in Malta, I had the great pleasure of working together with the Malta Employers Association (MEA) on a number of initiatives, apart from the fact that both entities had a lot of fruitful discussions in the past years. The Malta Employers Association were always pro active in working with the Commission for the rights of persons with disability (CRPD) and also other entities to promote inclusive working environments. We had also been invited several times to participate in events organized by them vis a vis inclusion on the place of work and diversity.

From 2018 onwards CRPD built stronger ties with MEA and other organizations representing several sectors in the society, including business through the creation of the Malta Business Disability Forum (MBDF). In fact, in December of 2019 all organizations involved in the setting up of the MBDF signed a Memorandum of Understanding with the aim of bridging together the Business sector and the Disability sector. MEA from day one showed real commitment and active participation.

I wish MEA to continue following this path, in working towards more real inclusion.

Kind regards,
